

# Attractive and Economical

## AB® Fence

The AB Fence System is ideally suited for commercial, industrial, highway and residential applications. The patented AB Fence system is an attractive and economical choice for privacy, commercial containment and noise barriers. AB Fence offers a cost effective and attractive means to separate

residential areas from the noise and bustle of industrial and commercial properties.

Post Block

18 in L x 12 in W x 8 in H  
(457 mm x 304 mm x 203 mm)  
70 lbs (32 kg)

Panel Block

18 in L x 6 in W x 8 in H  
(457 mm x 152 mm x 203 mm)  
47 lbs (21 kg)

Half Panel Block

9 in L x 6 in W x 8 in H  
(229 mm x 152 mm x 203 mm)  
27 lbs (12 kg)

Corner Block

12 in L x 12 in W x 8 in H  
(304 mm x 304 mm x 203 mm)  
50 lbs (23 kg)

All dimensions and weights are approximate.

- Fully engineered to heights of over 15 ft. (5 m)
- Mortarless and stackable
- Dramatically reduces construction costs
- Design versatility with color, curves & corners
- Easy Installation

## Helpful Resources From Allan Block® for AB Fence

All of our company and product information can be found on our web site. If you can't find what you need there, phone your local manufacturer, dealer or call us toll-free at 800-899-5309.

The **AB Fence Design Manual** contains detailed information on the AB Fence structure and block components. Description of design options, applications, sound comparison to other systems and the engineering methodology behind the AB Fence systems is just some of the information included.

The **AB Fence Installation Manual** is a complete guide for the proper installation of the AB Fence system. Also included are detailed graphics, drawings and specifications.

The **AB Fence CD** has all the essential information for engineered structures. It includes a full complement of AutoCad drawings, case studies, standard specifications and more.

# Allan Block®

## Wall Systems

AB Fence

# Elegant Designs

For over 15 years, Allan Block® has been one of the leading innovators in the mortarless wall industry. Allan Block's patented interlocking and reinforcement technology makes it ideal for a wide range of applications and sizes. The availability of many colors, textures, and sizes give you unequaled design flexibility, and beautiful end results.

## The Europa® Collection

The Europa Collection takes stackable block into the high ground. No other collection of blocks can match the pure elegance and beauty of this collection. A complete offering of shapes and sizes is available in a weathered, natural look called Old World Antique. Use them individually or mix sizes to create Abbey Blend Walls.

Dover

8 in. H x 10.5 in. D x 18 in. L  
203 mm H x 267 mm D x 457 mm L  
80 lbs (36 kg)

Palermo

8 in. H x 9.5 in. D x 9 in. L  
203 mm H x 241 mm D x 229 mm L  
35 lbs (16 kg)

Barcelona

4 in. H x 10.5 in. D x 18 in. L  
102 mm H x 267 mm D x 457 mm L  
40 lbs (18 kg)

Bordeaux

4 in. H x 10.5 in. D x 9 in. L  
102 mm H x 267 mm D x 229 mm L  
20 lbs (9 kg)

All dimensions and weights are approximate.

## The Ashlar Collection

The Ashlar Collection represents another design opportunity. This grouping of blocks comes in beautiful blended colors. Banded together with matching corners and capstones, this collection delivers a complete range of possibilities for design and construction. Pick any one size or mix them together to create the random look of Classic Cut Stone.

Ashlar Blend®

Classic

8 in. H x 12 in. D x 18 in. L  
203 mm H x 305 mm D x 457 mm L  
75 lbs (34 kg)

Jumbo Junior

8 in. H x 9.5 in. D x 9 in. L  
203 mm H x 241 mm D x 229 mm L  
35 lbs (16 kg)

Lite Stone

4 in. H x 12 in. D x 18 in. L  
102 mm H x 305 mm D x 457 mm L  
35 lbs (16 kg)

All dimensions and weights are approximate.

# Solid Performance

## The AB® Collection

The AB Collection is a simple grouping of our larger blocks. Priced to be competitive, this rugged collection of blocks can meet the needs of contractors, specifiers, and site developers for virtually any wall project.

Allan Block® is the **ONLY** segmental retaining wall company to successfully perform full-scale seismic testing.

See [allanblock.com](http://allanblock.com) for a full report.

All dimensions and weights are approximate.

AB Stones

8 in. H x 12 in. D x 18 in. L  
203 mm H x 305 mm D x 457 mm L  
75 lbs (34 kg)

AB Classic

8 in. H x 12 in. D x 18 in. L  
203 mm H x 305 mm D x 457 mm L  
75 lbs (34 kg)

AB Three

8 in. H x 12 in. D x 18 in. L  
203 mm H x 305 mm D x 457 mm L  
75 lbs (34 kg)

AB Rocks

8 in. H x 12 in. D x 18 in. L  
203 mm H x 305 mm D x 457 mm L  
75 lbs (34 kg)

## Helpful Resources From Allan Block®

Allan Block has a vast array of resources available to help with your next project. All of our company and product information can be found on our web site. If you can't find what you need there, phone your local manufacturer, dealer or call us toll-free at 800-899-5309.

The **Allan Block Spec Book** is a comprehensive design and installation guide of segmental retaining walls. This technical specification manual will help wall designers source and reference specific information for use in developing project documents.

The **Allan Block Seismic Testing Executive Summary** is a detailed write up of the testing that was performed at Columbia University on the Allan Block Wall Systems for seismic testing proving our "rock-lock" connection.

For a wider spectrum of data, load in one of our Allan Block CDs.

The **Site Solutions Design CD** has all the essential information for engineered structures. It includes a full complement of AutoCad drawings, case studies, standard specifications and more.

The **AB Walls 2000 Software** is the ultimate design tool for segmental retaining walls. For those involved with soil mechanics and engineered wall design, order your copy today. This program allows a designer to transfer a conceptual layout from a site plan into a comprehensive wall solution. Shop drawings, hand calculations, material takeoffs and proposals are all included.
